THE WALRUS AND THE CARPENTER.
"A lady in a trousers skirt
Strode forth in proud array,
When suddenly," the Walrus said,
"Her buttons all gave way—"
"How calm," remarked the Carpenter,
"The ocean is today."
—Springfield Union.

"I saw one once in bathing garb,
Sweet as a fay with wings."
The Carpenter said, "then she breathed
Too hard and broke the strings."
"The time has come," the Walrus said,
"To speak of various things."
—Houston Post

A lady with a hobble skirt
Was giving "Pug" a chase;
She tried to dodge an auto, but
She landed on her face;
"It seems to me," the Walrus said,
"That we are out of place."
—Louisville Post.

PUTTING IT OFF

Is a bad habit when it is a question of buying coal. The first thing you know you are all out and there is coolness of many kinds in the house. Better have too much than not enough. Coal will keep without spoiling. Suppose we send you a ton or so to keep your supply up to comfortable proportions.

According to the latest statistics compiled from the official reports Ohio is the greatest racing State in the Union. \$28,278,840 was paid out in purse money in 1910.

Dr. J. N. Traugott, living at Chatham, and one of the oldest practicing physicians of Bracken county, died the past week, aged about 75. Dr. Traugott was in apparent good health on the day of his death, retiring after partaking of a hearty supper. He was taken sick about 11 o'clock and was dead before a doctor could be summoned. Death was caused by heart trouble.

Per Capita Circulation, \$34.55

If you cannot run your hand into your pocket and haul forth a roll of \$34.55, you are not financially an average man. A statement just issued by the United States Treasury Department gives that amount as the per capita circulation, basing the figures upon an estimated population on May 1st, 1911, of 93,705,000.

Kentucky Fisheries

Statistics of the fisheries of Kentucky contained in the special United States census report show that the products of the fisheries of the State increased in value from \$73,000 in 1899 to \$110,000 in 1908, though they were \$90,000 in value in 1894. In 1908 catfish was the principal fish in value, \$26,000, followed by buffalo fish, \$21,000, and German carp, \$18,000. The only other fish caught the value of which was over \$2,400 was fresh-water drum, \$16,000.

Burley Tobacco Solicitors

All parties having solicited tobacco for 1909 pool will furnish the Secretary at once with alphabetical list, giving name and number of acres pooled by each party. This must be furnished by the 10th of May, 1911, or you will forfeit all claim for soliciting.

SUFFERINGS ENDED

Mrs. Lydia Ellen Holton Passed Away Sunday at Her Tuckahoe Home

Mrs. Lydia Ellen Smoot Holton, wife of Mr. William L. Holton, died yesterday morning at 8 o'clock at her home on Tuckahoe Ridge of a complication of ailments, aged about 68 years.

Mrs. Holton had been a great and patient sufferer for many months and her death was not unexpected. She was a daughter of the late William Smoot of this county, and was born in the Tuckahoe neighborhood. Her husband and five children survive, as follows: William H. Holton of Indianapolis, Ind., Dr. Charles S. Holton of Richmond, Ky., Mr. Richard B. Holton of Tuckahoe, Thomas H. Holton of Chicago and Mrs. J. W. Cartmell of this city. She leaves two brothers: H. Wall Smoot of the county and Samuel S. Smoot of Kansas City.

Her children were all present when she passed away.

Deceased was a splendid Christian woman, wife, mother and neighbor, and was a life-long member of the Beasley Creek Christian Church on Tuckahoe.

The funeral services will be held at her home this afternoon at 2 o'clock and the remains brought here for interment in the Maysville Cemetery. Rev. W. W. Hall will be in charge of the services over his departed friend.

Mrs. Thomas W. Lolley of Bridge street is ill with mumps.

Merz Bros. will give a pair of Regal shoes to the player who makes the first home run in the Maysville-Paris games.

Mrs. Leonora Hise Dead

Mrs. Leonora Hise, formerly of this city, died Saturday morning at the home of her brother, Mr. Thomas G. Tudor, 731 Dayton street, Newport, following a long illness. The funeral took place Sunday afternoon. Interment in Evergreen Cemetery, Newport. Besides a number of relatives, the deceased is kindly remembered here by a large circle of friends.

In the Meshes of the Law

Thomas Greenway, alias Rucker Jones, colored, arrested in this city Friday by Chief of Police H. A. Ort and placed in Jail pending the arrival of West Virginia officers, was delivered over yesterday to Chief P. H. Malone of the Malone Secret Service Company of Glen Jean, W. Va., who left with his prisoner last night on C. and O. No. 4 for the above place. Greenway is wanted for horse stealing, and West Virginia is a bad State to carry on that kind of business successfully.

Later—At the very last moment Greenway bucked and refused to go without requisition. He was returned to his Jail quarters to await the securing of the papers, which will require several days' time.

For President in 1912,
WILLIAM HOWARD TAFT
of Ohio.

For Governor of Kentucky in 1911,
Lieutenant Governor WILLIAM H. COX
of Maysville.

God help old Kentucky! Amen and amen! Our noble State is cursed by the most damnable incubus of politics ever inflicted on any Commonwealth. Now the State University has the infection, and is to have its "McCreary Club" and its "O'Rear Club." Think of the President of a great University permitting such things. No wonder that our State is disorderly and that our Courts are dominated by men who wink at lawbreakers to further their political ambitions, but it can't last in these educated, independent and enlightened times. Public opinion is honest and dispenses impartial justice, and woe to the demagogue who thinks he can hoodwink the whole people.

No OFFENSE, but what has become of Mr. BALLINGER's terrific damage suit against GIFF. PINCHOT?—Boston Transcript.

THE money of candidate ADDAMS looks good to the hungry Democratic Editors, who are hurrahing for the Harrison man while his cash holds out. Anyhow, Mr. ADDAMS knows how to commercialize a peculiar political situation.

Good schools, good Churches and good roads are grand things to have in a community. In order to have these things people must be educated to take pride in all these. Your home paper can and will do more to encourage all of these things than any other agency. The school children read with pleasure the home happenings, and as they grow up become interested and make useful citizens. Give the children the home paper to read. It costs you but a trifle.

EITHER WAY.

A small boy was hoeing potatoes in a farm lot by the roadside. A man came along in a buggy driving a fine horse. He looked over the fence, stopped and said: "Bub, what do you get for hoeing these potatoes?" "Nothing if I do," said the boy, "and 'b-l if I don't."

Miss Essie Riley of Augusta, one of The Bracken Chronicle's fair contestants, was in Maysville Monday soliciting subscribers.

William Brooks, charged with breach of the peace, and Thomas Scott, plain drunk, were fined and costed \$6.50 each in the Police Court Saturday afternoon.

Mr. Dudley Quaintance has accepted the agency for the Northwestern Mutual Life Insurance Company for the counties of Mason, Bracken, Fleming and Robertson.

Total sales of leaf tobacco on the Louisville market from January 1st, 1911, to April 29th, were 77,678 hogheads, against 57,394 hogheads sold during the corresponding period of last year.

Baseball Weather Promised

WASHINGTON, May 7th—Summer weather will prevail throughout the country East of the Rocky Mountains during the coming week, according to the weather Bureau calculations. Low temperature is predicted for the Pacific Coast.

Indications are that there will be no rain in the next few days.

Distribution Notice

The Burley Tobacco Company will make a 20% distribution Wednesday, May 10th, on the warehouse receipts issued for the 1909 crop. All parties who have borrowed on their receipts will find a check at the Bank holding their receipts. TRIMMED TWICE

Maysville Won Saturday and Sunday Games From Ironton—Twelve Innings Yesterday

Maysville defeated the Irontons some more Saturday and Sunday, the Saturday score resulting in a victory by the home team of 4 to 2. There was nothing brilliant about the game.

Sunday's game was real interesting, and it required twelve innings for the Limestone boys to trim the Buckeye team, the score closing 7 to 6. An error by Black in the ninth gave Maysville three runs and tied the score. Then Romine struck out three batters in succession in the eleventh inning and an enthusiastic fan in the audience handed Romine a \$10 bill. The game was anybody's and simply good practice sport.

DIAZ TO QUIT

Old Mexican Despot Alleges He Will Tender His Resignation

May Be a Ruse to Trap Revolutionists

MEXICO CITY, May 7th—General Porfirio Diaz tonight issued a manifesto to the people of Mexico declaring his intention to resign the Presidency as soon as peace is restored. In this manner the President has virtually acceded to the demands of Francisco I. Madero that he make announcement of such intention.

As to when peace is actually restored General Diaz reserves the right to be the judge. In the words of the manifesto, it will be "when according to the dictates of my conscience, I am sure that my resignation will not be followed by anarchy."

Woodrow Sees New Era

KANSAS CITY, Mo., May 5th.—Woodrow Wilson, Governor of New Jersey, in a speech before the Knife and Fork Club of this city, tonight declared that a new political era, promising much for the welfare of the Nation, is now upon the American people. The movement is one of reform, marked by a process of restoration, rather than that of revolution, he said.

Small Blaze

The alarm of fire yesterday morning at 11:30 was caused by a small blaze at the home of Mrs. Rose Wood in Third street, Sixth Ward. Sparks from a defective flue ignited the shingles on the roof, and being discovered before it had gained a headway was put out by a bucket brigade. The Fire Department responded with its usual promptness, but fortunately its service was not needed.

DAYS OF DIZZINESS

COME TO HUNDREDS OF MAYSVILLE PEOPLE

There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. All tell you plainly the kidneys are sick. Doan's Kidney Pills are for kidney ills. Can Maysville residents doubt this evidence of their merit?

Mrs. Mary Reeder of West Second street, Augusta, Ky., says: "I have used Doan's Kidney Pills when occasion has demanded for two years and I am sure that if they were not a valuable remedy, I would have found it out by this time. I was in a bad shape as the result of kidney trouble. My back was lame and sore and if I sat in one position for a few moments, on arising I was seized with the most intense pains throughout my body, especially in my kidneys. I also had frequent spells of dizziness, during which everything became black before me. The kidney secretions were too frequent in passage and caused considerable annoyance. Doan's Kidney Pills brought me great relief. As I am getting well long in years, I never expect to be entirely free from kidney trouble but I am glad to know there is a remedy that will relieve me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

There were over 14,000 paid admissions to the vaudeville shows at Washington Opera-house during the month of April.

BUSY P. M.'S

Uncle Sam Counting Every Piece of Mail—New Postal Deal Coming

Postmaster Clarence Mathews and all the employees in the Maysville office are working overtime this month and the ensuing thirty-one days are to be the busiest ever put down in your Uncle's ledger. The same rule is enforced in every office in the land and busy times are ahead for every Postoffice throughout the land, for in addition to the order recently issued requiring all Rural Carriers to weigh and classify their mail, another order has followed the first requiring the Postoffices to weigh and classify all mail received and delivered, from the insignificant comic postcard up to the biggest package.

This order means that the Postoffice employees in this city and elsewhere will work hard early and late during the month of May, and that Rural Carriers and other mail delivery will be from a half hour to several hours late, it is believed. It is the most stringent order ever issued.

The biggest part of the work must be done before the Rural Carriers leave the office. The mail must be counted and classified by the Clerks, and then turned over to the Rural Carriers, who must count and classify the same.

Here is the information the Postoffice Department must have:

Number of pieces handled. The actual time consumed in handling. The average number of pieces handled per minute. The average number of handlings each piece receives, with reference to the following classes and subclasses of mail.

First class matter: Newspapers at pound rates. Magazines at pound rates. Transient with stamps affixed. Local delivery. Free in county.

Third class matter: Circulars. Other matter.

Fourth class matter: Franked matter, letters (Congressional).

Other matter: Other franked matter (including Department) letters and other matter. Foreign letters and other matter. Registered matter.

The information is to be furnished separately for the incoming mail and outgoing mail, handled by the clerks, and for mail collected and mail delivered, handled by Carriers.

NOT NECESSARY

We don't need any of our instruments and very little of our optical knowledge when we sell stock lenses. When one has a thorough knowledge of optics and uses scientific instruments he usually finds that stock lenses will not correct the optical defects of the eye. If one sells nothing but stock lenses he has no use for grinding machinery. If one can get along without optical knowledge, optical instruments and grinding machinery, and can sell his stock lenses at the price of the special lenses of the manufacturing optician, he certainly makes money selling glasses. : : : :

Thieves About

Sometime last night the tailoring department at D. Hechinger & Co.'s Clothing Store was entered by thieves and a lot of loot carried off. Mr. A. S. Tolle, one of the workmen in the establishment, lost a fine black coat and a handsome Knights of Columbus pin, besides a pair of shoes, and just how much other stuff was taken could not be ascertained this morning. The discovery was made by Mr. Henry Rap, whose business place in the rear adjoins that of the Oddfellows' premises, and on going out in his back yard early this morning noticed several pairs of pants lying on a pile of bricks, which was the first indication that the place had been robbed.

The gage marks 17.4 and falling.

The Ohio is tonight's Pittsburgh boat.

The Tom Daisworth and the Valiant are late towboats to leave the Pittsburgh harbor, each with about 700,000 bushels of coal.

Ford Harold, 82 years old, who built the first steel hull boat on the Mississippi river, died this week at his home at St. Louis of senility.

Portsmouth Blade: "Engineer Billy Martin claims the Greenwood made the run from Maysville to Cincinnati in 4 hours and 15 minutes—fast time for a packet."

Several light coal shipments left Pittsburgh Saturday and Sunday. This has been an excellent year for the coal companies, shipments averaging 500,000 to 1,000,000 bushels having been made every month.

Captain James A. Henderson of Pittsburgh has been appointed Chairman of the Marine Pageant Committee at the celebration next fall on the one hundredth anniversary of steam navigation on the Ohio river.

Here's a new variety of joy riding. A number of automobiles will leave Pittsburgh every Saturday on the Queen City for Mountsville, W. Va., where they will disembark and make the return trip in their machines.

The Keystone State, formerly a packet in the Cincinnati-Pittsburgh trade, is at the Kanawha docks, having a new cabin built and new boilers installed. The packet will likely be operated in one of the trades out of St. Louis.

The cool weather the past few days has wreaked havoc with the packet steamer companies' passenger lists, as many a would-be excursionist realized that a cheery fire looked better to them than the wind-swept promenade deck of a steamer.

The completion of Dam No. 8 in the Ohio river at Wellsville, O., will add twenty miles to the nine foot stage between Pittsburgh and Cairo.

Captain Billy Davan, for thirty years head of the United States Life Saving Station and modest hero who figured in scores of thrilling rescues effected on the dangerous Ohio Falls, died last week at Louisville.

The Virginia was taken off the Ways at Point Pleasant Saturday, after having been given a thorough overhauling. She will at once go into the regular Cincinnati trade. The Lucille Nowland has been taking her place in the trade, and she will probably remain in the service as an extra boat.

A Carlisle produce company one day last week made a shipment of 27,000 dozen eggs to the Eastern market.

Pennsylvania reports that in order to mine 231,960,070 tons of coal she lost last year the lives of 1,125 of her citizens. Such are the figures just promulgated by the Chief of the State Department of Mines.

Minnesota has more than \$23,000,000 at interest bringing in nearly \$900,000 annually. The investment is larger than that of any other State, except Texas. The money is largely the result of sales of lands and timber and ore in State lands.

BIG SANDY DIVISION

Will Be Extended at Once By Chesapeake and Ohio

According to announcements just made, plans for the extension of the Chesapeake and Ohio Big Sandy Division in Eastern Kentucky, as well as double-tracking the system from Pikeville to Cincinnati, have practically been completed.

Believing that the future development of the coal and timber lands in the mountains of Eastern Kentucky along the Big Sandy river will amply reward them for the money expended in preparing for that development, Messrs. Hawley and Trumbull of the C. and O. have instructed their representatives to go ahead with the work of building the branch roads.

These improvements, as well as all of the extension plans, are located wholly in Kentucky, and millions of dollars will be expended by the C. and O. in this State within the next two years.

Reduce the Cost of Heating

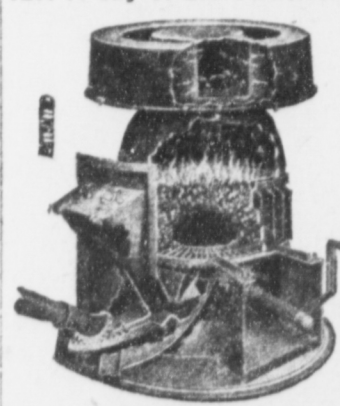

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 10% TO 25% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. \$25 worth of coal will heat the entire house, ten rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants." Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now.

THE PECK-WILLIAMSON CO., 335 West Fifth Street, CINCINNATI, OHIO.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Laxative Phospho Quinine

Greatly superior to sulphate quinine for colds, coughs, grip, neuralgia and headaches resulting from colds. Cures quicker and safer than other so-called grip cures. Money refunded if not satisfied after using. Sold only by
